

SAYYED SANIA

+91-7458863707 | sayyedsania87@gmail.com | Lucknow, Uttar Pradesh

Education

Babu Banarsi Das Institute of Technology and Management BTech.- Electronics and Communication Engineering
CGPA: 8.78/10
[2022-2026]

DABBLE COLLEGE -12TH (CISCE)
Percentage: 86.83/100
2022

DABBLE COLLEGE -10TH (CISCE)
Percentage: 88.16/100
2020

Internships & Trainings

Softpro India | Academics / Research
(Sept 2024 – Nov 2024)

- Worked on Fall Detection device using Arduino and related-sensors.
- Gained hands-on experience in sensor interfacing and real-time monitoring.

Core & Advanced Java Training
(Jul 2025– Aug 2025)

- Developed a full-stack task management system using Java, Eclipse, and SQL.
- Implemented user authentication, CRUD operations, and optimized database queries.

Achievements

- Smart India Hackathon 2024: Shortlisted for presenting an innovative tech solution
- Innovative Hackathon 2024: Winner for hardware-based project design
- Singing Competition: Winner at college cultural fest

About Me

Electronics & Communication Engineering student with hands-on experience in hardware-based systems and full stack development. Skilled in Java, Python, and MERN stack fundamentals, with strong interest in building scalable applications and learning enterprise technologies. A collaborative learner who enjoys solving real-world problems with clean and maintainable code.

Technical Skills

- Hardware & Embedded Skills: Microcontroller, Communication protocols, sensors(IR, ultrasonic, LDR, Accelerometer)
- Programming Languages: Java, Python, JavaScript
- Frontend: HTML, CSS, React.js, Bootstrap
- Backend & Frameworks: Node.js, Express.js, Next.js
- Databases: MySQL, MongoDB
- Version Control & Tools: Git, VS Code, Eclipse, Microsoft Office
- Soft Skills: Problem-solving, Adaptability, Team Collaboration, Time Management

Projects

GESTURE RECOGNITION VOICE MODULE (CORE)

Role: Hardware Integration & Testing (Learning-based)

Technologies: Arduino Uno, MPU6050, Flex Sensors, Bluetooth HC-05, Python

Description: Integrated flex sensors and MPU6050 to recognize hand gestures and trigger corresponding voice commands via Bluetooth, ensuring real-time response and accuracy.

PASSWORD MANAGER

- Designed responsive UI using HTML, CSS, JavaScript and React
- The project demonstrates the implementation of CRUD operations using react features.
- The application supports adding, editing, deleting, and viewing passwords, with password masking on the UI and backend-based data handling using REST APIs.

RECIPE SHARING WEB APPLICATION

Role: Frontend & Integration (Learning-based)

Technologies: React, Node.js, Express.js, MongoDB, REST API

Description: Built a full-stack web app for managing recipes with frontend-backend integration and user-specific features like favorites.
